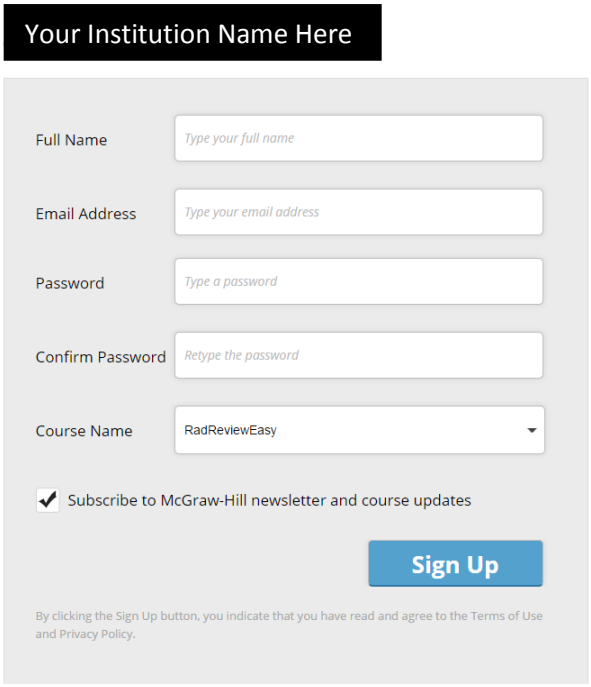
Account Setup Information: Student

Please follow the instructions below to create your personal account for the first time.

1. Navigate to https://new.usmle-easy.com/institution
   (Note: This link will only be valid if you are coming from within your institution's IP network or a valid referring URL)
2. Fill in the required information.



3. Click "Sign Up"
4. After you create a personal account within your institution, you'll be taken to your customized dashboard where you can set up a personal study plan, start practicing, communicate with other users, and see a snapshot of your performance within the platform.
5. Once your account has been created successfully, you can navigate to https://new.usmle-easy.com and sign in with your username and password from any location.
