Dear Madam or Sir:

As a Mercer University School of Medicine faculty member, I have assigned the copyrighted material cited on the attached form as reserve reading for one or more courses during the current academic year. I am requesting permission to place the cited material on reserve in print format and/or in the MUSM electronic reserve system in digital image format. I am including one permission request form for each item and for each course in which the reading is assigned. I will also specify for how many semesters or phases I am requesting reserve status for the item.

Access to these materials is restricted to the Mercer University School of Medicine students enrolled in the below-cited course. Materials are not accessible by subject, title, author name, or any other parameter. A copyright compliance statement and full source citation will be attached to the document at all times.

Please review the attached permission form and return it at your earliest convenience to the address provided above. Also, please allow me to thank you for your assistance in serving the Mercer University School of Medicine community.

Sincerely yours,

<your name>
